1. **Program Background.** Commander Naval Air Forces (CNAF) Aviation Maintenance Management Teams (AMMTs) are responsible for conducting maintenance management evaluations throughout the Fleet and providing expert assistance and training to ensure strict compliance with the Naval Aviation Maintenance Program (NAMP).

a. AMMTs provide organizational and intermediate level evaluations on programs such as central technical publications library, aviation weapons support equipment program, tire and wheel, calibration, electromagnetic static discharge, hazardous material, tool control, ordnance certification, support equipment training and licensing, maintenance department safety, quality assurance audits, and other NAMP programs.

b. AMMT assignments are sea duty (Type Duty Code "2") for rotation purposes and members are required to serve on extended temporary additional duty (TEMADD) assignments.

c. Tour length will be 36 months.

2. **Requirements/Qualifications**

a. Complete sections A and D2 of NAVPERS 1306/92 (Rev. 12-03), Special Program Screening Form, Exhibit 1 of MILPERSMAN 1306-900.

b. Required obligated service (OBLISERV) for this program is 36 months.
